

Twist® Inspire ERP System

CFO2GO Retained Accounting Services partners with Clients to redesign their accounting departments into units that contribute directly to the competitiveness of the organization.

One of the most effective tools at our disposal is the Twist® Inspire ERP system, which delivers functionality previously only enjoyed by global corporations at an accessible price with low complexity.

- Easily scoped and implemented in just a few days
- More than 30 functionally-integrated modules available at no extra fee
- Broad customization of functionality, user/group-level security directly supports business processes
- Multilingual interface supports transnational management teams in English, Czech, Slovak, German and Italian. Outputs in all languages.
- Directly linkable to company e-business module
- All document or information outputs can be easily customized in any language and are exportable into MS Office, HTML, XML and 30± additional formats. System integrates with internet and SMTP email.
- All transaction source documents scanned into database

The perfect solution for companies

- With foreign management doing business in the Czech and Slovak Republic
- Looking for reasonable, low-cost solutions to accounting and reporting
- Needing modern technology and “can-do” mentality in the accounting function

Twist® Inspire ERP System

- Software-as-Service: no upfront/upgrade purchase fees
- Hosted on CFO2GO's server: no investment into hardware/maintenance
- 24/7 Cisco VPN secure online access
- Complete technical, training and business support
- Fully scalable, customizable
- Fully integratable with MySQL database applications
